

# ASKing with the Word of God

...releases power, revelation and prophetic truth

**You have exalted above all things  
Your Name and Your Word. Psalm 138:2  
Jesus said: ASK in My Name...**

The distinctive calling of ASK Network is to listen to God before we pray, and before we act. We wait for Him to speak through His Word, taking responsibility to respond to what the Holy Spirit is revealing. We do so by praying the Word with fervency and dilligence, followed by obedience. God takes our words and actions and moves in power to accomplish His purposes for His glory.

**Listen to what God has to say...  
He listens to what you pray.**
