Continental Gathering

ASK Gathers in Asia

The first in a series of Continental ASK Gatherings happened this August in Indonesia. ASK Asia's inaugural Gathering included leaders from Bangladesh, Bhutan, India, Indonesia, Pakistan, the Philippines, Sri Lanka and Taiwan. It has been awhile since we held a continental gathering, the last being in Europe before Covid. Now the Lord is leading us to Gather on each Continent alongside our national leaders to strengthen the work of ASKing in the nations.

We are living in unprecedented days and should expect our Father God to require unprecedented measures of us. If we are to continue to "ask God to do what only He can do," then we need to "do whatever He asks of us." As we were pondering the possibility of multiple continental gatherings, Lace Fang (ASK Asia's Director with her husband John) caught the vision for a gathering of Asia's national leaders, most of whom had only met on Zoom. This was a venture of faith. Lace shares in her report below that every step was taken in complete dependence upon the Lord. He provided all that was needed.

Through great generosity of people like you, flights were booked in answer to fervent effectual prayers, visas were issued (even at the last minute, on the last layover before taking a final flight to Bali). In His great grace and mercy, we gathered in safety and good health.

None of this would have been possible without Pastor Ben and his wife Helena, our incredible Indonesian hosts who, alongside an extraordinary team, spent months working tirelessly to prepare for all the events that unfolded. As you read Lace's report below, you will see how remarkable the ASK Asia leaders are, and how willingly they gave of their resources to gather, even though most are under great duress at home where ministry is difficult and dangerous.

Here are some excerpts from a letter written by Steve Patierno who, with his wife Kim, have been great friends of ASK for many years.

"I am writing to you as the Chair of the Board of McAlpine Partners. Kim and I would like to share with you a most extraordinary experience ... We just returned from witnessing one of the highest impact missions we have ever seen or heard of... The mission began in the city of Balikpapan, on the island of Kalimantan (Borneo), under the regular, loudspeaker broadcasted, Imam calls to prayer; a constant reminder that many of our Christian brothers and sisters live and labor in unfriendly territory."

Steve's letter goes on to describe services at two churches where he and Stuart McAlpine brought messages of encouragement before driving onto Samarinda for another gathering of pastors:

"We gathered with more than a hundred pastors of mostly hidden churches, where Stuart brought a powerful message on ASKing for the nation, and I brought a message of encouragement. The response was overwhelming—a room full of weary pastors getting recharged and rededicating their lives to their calling, and to prayer for their nation and the nations."

Sister Helena and Pastor Ben had worked to both translate and publish Stuart's booklets: "Asking for Pastors" and "Asking in Jesus' Name." While giving an impassioned message on the vision of ASK Network, Pastor Ben gifted these booklets to the pastors attending. It was very moving to see their humble gratitude. We left Kalimantan with great thanksgiving for such a blessed time.

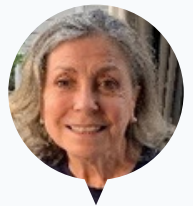

But now our vision eyes were fixed on the upcoming gathering of ASK Asia! Steve continues with the description of everyone's arrival in Bali:

"Joy filled the air at the airport as years of zoom-boxed faces became living, huggable family pastors from India, Pakistan, Philippines, Sri Lanka, Bhutan, Bangladesh, Taiwan, and Indonesia piled into vans for the 3-hour drive into the mountain jungle of inner Bali, to a hidden rugged retreat center where we shared cold-water bungalows with multiple lizard species and one scorpion! For the next four days we were graciously hosted by Pastor Ben's Indonesian host 'committee.' We ate together, worshipped together, prayed together and bonded together in friendship. At three sessions each day, the principles of ASKing for the nations were taught."

The rest you can read in Lace's report below, but here is one last postscript from Steve describing what happened after the close of the ASK Asia gathering:

"The next morning, even as we were sharing tears of goodbye with our new ASK Asia family, we were simultaneously greeting a new group of Balinese pastors, gathering for encouragement and instruction. Stuart and Ray Borg (ASK Canada Director) preached powerful messages, I brought an encouraging meditation, and the Holy Spirit ministered deeply to these weary kingdom laborers."

Many thanks to Steve for this excellent commentary, and all praise to our marvelous God! Please keep reading and be encouraged that God is on the move in ASK!

Celia McAlpine
/ International Director /

Reflections on the Asia Leader's Gathering

Our hearts overflow with gratitude for all of those who faithfully covered and walked with ASK ASIA, who prayed and supported the ASK Asia Leaders Gathering, and the launch of ASK Indonesia. We are so grateful for your prayers, your encouragement, and all the support you've poured out!

Gathering ASK's national leaders in Asia was significant and incredibly special. (Names are shortened for security.) Pastor Alfred from Bangladesh, Pastor Kumar John and Suzan from Bhutan, Joseph and Preethi from India, Pastor Ben and Helena from Indonesia, Sohail and Naila from Pakistan, Pastor Junn and Karen from the Philippines, Pastor Suresh and Kavitha from Sri Lanka and Stacie from Taiwan. These International Team members also participated: International Directors Stuart & Celia McAlpine, ASK Asia directors John & Lace Fang, ASK North America Director Beverley Coad, ASK Canada Director Ray Borg and Alessandra Waggoner (serving with ASK North America's Next Gen call and co-creating ASK Podcasts). We were also blessed to have McAlpine Partners' Board Members Steve and Kim Patierno on the team. Just the fact that all visas and passports were in order and ready by the time we began traveling, and that all were able to fly in without significant delays was a huge testimony of God's favor and power! Hallelujah!

Our prayer and vision for the 2026 ASK ASIA leaders gathering was that the Lord would strengthen our relationships, and give clarity to His vision for ASK Asia. From the very start, there was INCREDIBLE JOY as we gathered, much like a big family reunion. For some of us,

we had been praying together for 3-5 years (some up to a decade), and the joy of meeting face-to-face was extraordinary. We knew this would be a significant and strategic time, but oh the joy of being together! There was such a sweetness as we fellowshiped, shared testimonies, and simply enjoyed each other. Truly, we experienced the joy of Psalm 133!

While a gathering of all national leaders within a continent was unprecedented for ASK Network, we found it was absolutely timely for what the Lord is doing in the nations. As described in ASK Asia's vision from Nehemiah 4, the Lord is positioning us in the nations "along the wall" for "such a time as this" (a scripture the Lord gave to confirm the timing and urgency of this gathering).

We found that this call to be watchmen on the walls, ready to gather and pray for the nations in ASIA was more deeply understood and established during our time together in Bali. Each session by ASK International leaders felt like a deposit from the Lord, defining and shaping our understanding of what He is calling us into and equipping us for. Commissioning of the national leaders was significant as prophetic words and prayers stirred up hope and confirmed each one's call.

This gathering felt extraordinary in unity of heart and unity of calling. Simply put, there was a shift in the Spirit that prepared us to be commissioned into His calling for everyone in ASK Asia.

Each day opened up with a time of sweet worship, often led by ASK Indonesia's wonderful team, before launching into our schedule that wove teachings from international leadership team with each national leaders presenting their nation. What originated as a protective title for our gathering, "ASK Asia Leaders Family Tour," became prophetic as we toured through each nation represented together as a family of ASKers. I am so grateful for how the Lord confirmed our calling through the clear, essential teachings of ASK, while giving us insight into each leader's family, calling and heart for their nation. As we progressed through the 3 days, it was encouraging to see all the giftings in the leadership team build up and establish the leaders in each nations, all the while being edified and strengthened in return. After each country's presentation, we used the scriptures provided by national leaders for a time of ASKing both for the nation and the leaders who were then commissioned. Each commissioning was unique and special, as alongside Stuart & Celia, Lace & John Fang, Ray Borg presented a physical key, symbolizing a spiritual key for each nation, and a unique prophetic word. In this way, every leader was anointed and prayed over. It was meaningful to witness these national leaders surrounded by prayers, words of encouragement and the faith of the International team and our Asia leaders. Oftentimes, there was not a dry eye in the room!

The significance of being in Indonesia for this gathering, set in the context of the launch of ASK Indonesia cannot be emphasized enough. Under the leadership of our ASK Indonesia directors, Pastor Ben & Helena, a wonderful, hard-working and faithful team of Indonesian ASKers helped with all the logistics of the conference.

ASK Indonesia Illumination, by Nancy Merritt (ASK DC)

From worship to meals, media support to transportation and more, these servant leaders made our gathering possible. We are so grateful! The ASK Indonesia team also attended teaching sessions over the course of three days, culminating with the commissioning of Indonesian leaders and ASKers, distribution of the translated and newly published ASK literature in Bahasa, and the official launch of ASK Indonesia. Pastor Ben & Helena were officially commissioned as ASK Indonesia Directors; Pastor Gideon, Pastor Randy were commissioned as regional leaders; and the ASK Balikpapan and ASK Bali ASK team members were commissioned to ASK Indonesia! There was a beautiful order to it as the International Team commissioned Pastor Ben & Helena, then commissioned Pastors Randy and Gideon, who then in turn commissioned those in ASK Indonesia. Then all of the ASK Asia national leaders were called up to pray over and bless the ASK Indonesia team. What a powerful moment! For such a time as this, indeed!

In closing, as I shared at the opening session of the leader's gathering, I believe we can find some encouraging guardrails tucked within Nehemiah, Ezra and Haggai. I pray these are clear marks of ASK Asia as we move forward from this incredible gathering.

The Father set before us a call to prepare to ASK for nations with humility and discernment and to be ready for opposition with the sword of the Spirit (the Word) as we ASK for the restoration of worship within the nations of Asia. In Nehemiah 2, we read how God put it in Nehemiah's heart to go by night with only a few men to inspect Jerusalem's gates and walls which were broken down and consumed by fire. During this inspection, the small team was diverted into the ravine as there was no place to pass, "So I went up by the ravine and inspected the wall." The ravine being symbolic for coming from a place of humility, I believe this is a critical starting point for us as ASKers as we prepare to ASK for a nation. As we lay down our own ideas and come with humility, we ASK the Holy Spirit to show us how to inspect the spiritual and physical rubble of a nation from the church to all the diverse aspects of a nation. I believe this is congruent with the Father's repeated call to His people in Haggai to "consider your ways!" We cannot consider our own ways, or the ways of our nations without humility and dependence in our inspection and self-examination. Lord, please make this a mark of our ASKing.

We also are called to be ready for opposition both externally and internally with the sword of the Spirit, the Word of God. As the stirring image from Nehemiah 4:17 reads, “Those who were rebuilding the wall and those who carried materials did their work with one hand, and held a weapon in the other.” ASKing from a starting place of meditation on the Word is our offense against the distraction, discouragement and opposition of the rulers and forces of darkness in this world. Coming in humility, ASKing the Holy Spirit to teach us to pray afresh, is also a guard against internal division from differing ideologies and personal perspectives. In laying down our own priorities and coming in alignment with how the Holy Spirit is leading us to pray in His word, we post our guard against the divisive temptations and polarizations of our times. We find unity in the Spirit as we ASK with biblical meditation as our starting point.

Finally, we ASK for the restoration of true worship among In Ezra, we read about how the articles of worship in the temple were exiled to the temples of Nebuchadnezzar’s gods. In the same way that we see the articles of worship being restored again to the temple of the Lord GOD, we ask for the restoration of worship in Spirit and in truth among the peoples of the nations.

Father, please make us a house of prayer for all nations, marked by humility and discernment, in readiness with the sword of the Spirit and always asking for the restoration of worship of the true God.

Lace Fang
/ ASK ASIA Director /

ASK Network Leaders in ASIA

Below are the testimonies from some of our national leaders who gathered in Indonesia. Let’s keep ASKing for them in coming days: Colossians 1 :9 -12 , Ephesians 3 :14-19

ASK Indonesia Directors Pastor Ben and Helena

We are so grateful to the Lord for what He has done through the conference in Bali, Indonesia. We are happy and thankful to share this powerful testimony with you all.

I started mission work in Indonesia in 2014, and I married Helena in 2017. Since then, we have been serving the Lord together for almost nine years. As missionaries from India serving in Indonesia, we have gone through

many disappointments, challenges, and spiritual battles.

At times, the spiritual battles have been extremely intense. Many times, we did not have a group of people with whom we could share our pain, struggles, and challenges in the mission field. Our greatest comfort has always been the Lord, along with a few close friends who stood with us.

During the conference and especially during the commissioning service, the Lord spoke powerfully

through many servants of God from ASK Network. The encouragement and prayers we received were deeply meaningful to us.

For the first time, we felt that we had a family of people who truly understand our vision, our mission, and some of the struggles we have been carrying. We now know that there are people who are praying for us and standing with us.

We thank God for Pastor Stuart and Pastor Celia for visiting our small church and training room in Balikpapan. We thank God for every prophetic word, every word of encouragement, and every prayer that was spoken over our lives and ministry. We feel renewed, encouraged, and strengthened with a fresh grace and new strength to continue, even though many challenges still remain.

We give all the glory to God, and we are deeply thankful to the ASK International Leaders for choosing and trusting us to serve as the Directors of ASK Indonesia. When we first began our mission journey, we had many questions. We wondered, “Who will invite us to preach in their churches? Who will stand with us? How will we build this mission?” But today, we are seeing something completely different.

Many respected leaders are now interested in connecting, collaborating, and working together with us to build RLM and ASK Indonesia. For us, this is not simply a change of circumstances. We believe it is the supernatural work of God.

What began with many questions is now becoming a growing network of people who are praying, serving, and believing together.

Glory to God!

ASK Indonesia Team

ASK Philippines Directors Pastor Junn and Karen

We, Junn and Karen, are so grateful to God for making the ASK Asia gathering possible.

We’ve been to many conferences, trainings, and gatherings, but this one is so special beyond words. Nothing could ever compare to how it feels. We would say that it is God’s presence, first and foremost, that makes it so special. And within the presence of the Lord flows the love and care we felt for one another and for the nations we each represent.

It’s like a bond deeply knitted between brothers and sisters—that your heart would break if they were harmed by the enemy, and you would feel compelled by the Spirit to stand with them and pray for them too.

This Illumination, painted by Nancy Meritt (ASK DC), was gifted to each Asia leader as they gathered in Bali

The affirmation of the calling, the encouragement from the Word, and the manifestation of spiritual gifts—these too deeply impacted us throughout the gathering. There was such a beautiful sense that God was not only speaking to us individually, but also knitting us together for the glory of God in the nations.

We pray that the Lord will make us faithful watchmen. May His strength be with us, so we can stand firm and remain faithful to the task to which He has called for each one of us.

All glory belongs to God. ❤️

ASK Sri Lanka Directors

Pastor Suresh and Kavitha

Both of us are very grateful for the opportunity to attend the ASK Leaders' Gathering in Bali. We were blessed in many ways, and we would like to take this opportunity to share a few of those blessings. First and foremost, we were deeply blessed by the fellowship of the ASK team. Each and every person impacted us in different ways.

The burden for prayer, the passion and tears for the nations, the enthusiasm in worship, and the accuracy in teaching the Word are just a few of the things that impacted us greatly.

The gathering was also a wonderful opportunity for us to build new friendships with people from different nationalities. It placed a greater burden in our hearts to ASK for other nations and to stand with them in prayer.

We would like to sincerely thank all the leaders who conducted the conference, as well as everyone who sponsored and supported it. We are truly grateful for your investment in our lives and ministry.

The impact of the leaders' gathering has already begun to bear fruit in Sri Lanka. We have started a local ASK gathering for pastors, which we now plan to meet twice a month. Following the training we received in Bali, we have also begun using Bible passages in our fasting and prayer meetings and in other gatherings.

Thank you once again for this wonderful opportunity. We are grateful for what God has done through ASK, and we look forward to seeing how He continues to use it to touch the nations.

With thanks and blessings.

ASK Bhutan Directors

Pastor Kumar John & Suzan

It was an immense joy and blessing to come together in Bali for the ASK Asia Leaders' gathering. Our time together was so effective that we have started applying what we learned into our ministry life in Bhutan. Each Sunday, we have been using the idea of praying through the Bible in our weekly 'Discovery Bible Studies' with the Great Commission equipping, training alumni.

In addition, we have distributed all the booklets written by Stuart and Celia to pastors and leaders from all over Bhutan through the Bhutan Christian Society. The gathering in Bali motivated us to carry on to cast the vision to implement the ASK Objectives, Mission and Vision with the desire to reach churches all across Bhutan, and Suzan and I will work hard to finish envisioning ASK NETWORK in and through these pastors and leaders by the end of 2027. Pray that we may use every resource available through ASK NETWORK to accomplish the Great Commission, not only in Bhutan but beyond the borders of Bhutan as well. Thank you!

ASK Taiwan Director

Stacie Moore

I'm very grateful to be able to attend the Bali ASK Asia Leaders' gathering and let people on a screen become real people with real struggles and challenges, and I saw the great need to support one another because we don't have a lot of prayer support otherwise. I feel like they are all my family now. I was confirmed as a watchman by the leaders, encouraged to keep going and received a key to open up new relationships and connections despite my current discouragement in this area. Now I feel able to keep moving forward into what God has called me to do here in Taiwan, opening my home to people to come stay and worship and ASK for Taiwan as well as the nations in Asia and the Middle East. Thank you to all who prayed for and financially supported this meeting!

The 'Key' Asking

*Reflections by Preethi Rufus (ASK India Director)
following the ASK Asia Gathering*

We came from many places, carrying different stories,
different roads behind us, different burdens within us—
and yet, we came to the same place: before our Lord Jesus.

Not to speak first, but to listen.
Not to plan first, but to pray.
Not to ask what we could do for God,
but to ask what The Lord was already doing.

Nehemiah tuned us to what we are stepping into. Revealing God's power and plan.
And our hearts were catching up the fire that blazed the hearts in Luke 24.
Of hearts burning again as He opened the Scriptures and walked with His disciples.

Psalm 1 called us back to the quiet river, to the life that grows
when its roots are deep in His Word.
Psalm 2 lifted our eyes beyond our little places, to the nations, to the generations waiting to hear His name.

So we learned again what it means to Ask.
To ask with His Word upon our lips.
To ask with fasting, when ordinary words are not enough.
To ask for nations, we may never visit.
To ask for generations, we may never see.
To ask until our prayers begin to sound like His heart.

And somewhere in those talks, something in us was awakened. I thought to myself,
Perhaps I had not lost the vision, Perhaps I had simply grown tired.
Well, God breathed again.
He reminded us that prayer is not the beginning of our work for Him, but prayer is where we discover what He is doing.

One day, each of us received a **key**. A simple key,
but carrying a weight far greater than itself. We carried it in our hands
as a reminder that there are things God has prepared for our nations,
doors that only He can open, purposes that He has kept, people He desires to reach.
The key reminded us: **To go back and ask.**

We do not carry the key because we have the answers. We carry it because we have Jesus.
And so, we got together as leaders, but we left as worshippers.
We came carrying responsibility, but we left carrying fresh fire.
We came with questions, and He gave us a deeper question:
What are You Asking us to Ask? Certainly Asking us: To ask. To listen. To obey. And He works.

On a different note - We experienced joy around the table,
laughter between conversations, food I never ate,
new tastes, new stories, new friendships. Cultures that were once distant, became familiar faces.

We discovered one another not only through what we do for the Lord and King,
but through our meals, our laughter, our prayers, our worship, and the simple gift
of being together.

Indonesia became more than a place we visited. It became a place
where God drew us closer to Him and to one another.

And what a beautiful place to worship Him. How dare we could even forget it!
Under unfamiliar skies, among some unfamiliar language and sounds of music,
with brothers and sisters from different nations,
We discovered again that His Church is much larger than our little corner of it.

We prayed for Asia. We prayed for my India. We prayed for the nations.
We prayed for those yet to hear. We prayed for those who will carry the Gospel into generations beyond ours.

All through this, God seemed to say: **Do not stop asking.**

Ask for the nations.

Ask for the unreached.

Ask for the next generation.

Ask for workers.

Ask for awakening.

Ask for His kingdom to come.

All the more to Ask according to His Word and Ask to see His name glorified.

And so ... we return. Revived. Renewed. Recommissioned.

We blew kisses, exchanged Right hugs, shared tears and bid good byes.

We are back and ...

The work before us is still there. The nations are still there. The need is still great.

But something has changed in us. We have remembered who called us.

And so, once again, we bow our knees, open our hands, lift our eyes, and Ask:

“Lord, what do you want to do?

What are You asking us to ask?

And whatever You ask of us, give us grace to obey.”

We do not know exactly what lies ahead, but we have been reminded that when His people ask, He listens.

Dear Askers, God is already at work.

Keep Asking

NOVEMBER 1, 2026

INTERNATIONAL DAY OF PRAYER FOR THE PERSECUTED CHURCH

All who delight in pursuing righteousness and are determined to live godly lives in Christ Jesus will be hunted and persecuted [because of their faith].

2 Timothy 3:12 AMP

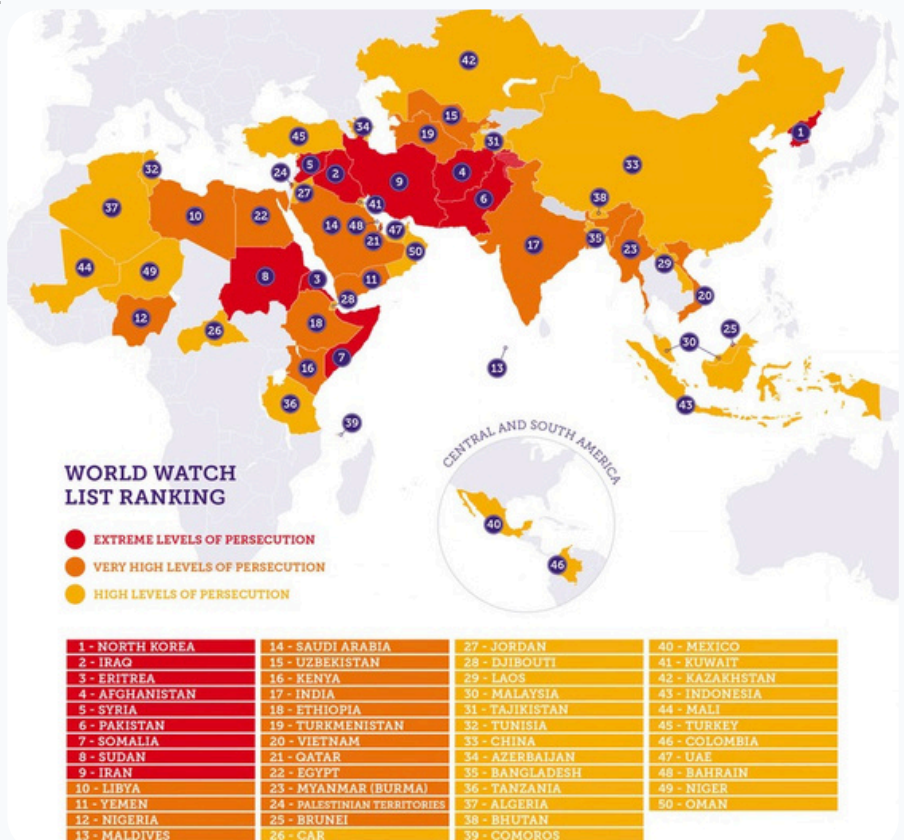

From isolationism to violence to imprisonment, Christian persecution takes many forms.

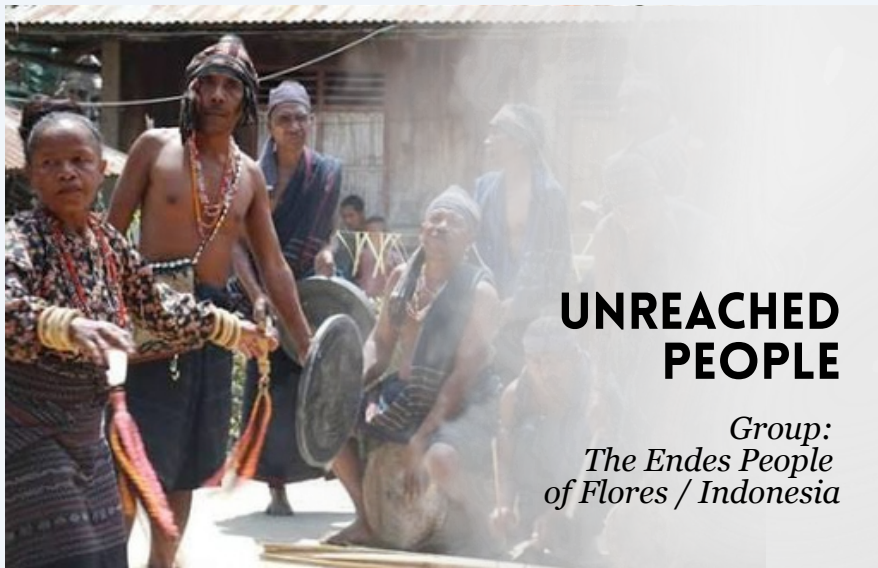

According to Open Doors, 388 million Christians around the world suffer persecution or discrimination for their faith in Jesus Christ, meaning they experience hostility as a result of proclaiming the name of Jesus or living out their faith. The Pew Research Center has found that Christians are harassed in more places than any other religious group. And Open Doors' research has shown that the number of countries where Christians suffer high and extreme levels of persecution has almost doubled in the last 30 years.

Open Doors defines Christian persecution as “any hostility experienced as a result of proclaiming the name of Jesus.” That hostility can look different for each of the millions of believers who face persecution every day: rejection and isolation from their families, friends and communities, or denied access to basic needs like water, food and health care. Some face violent abuse, imprisonment and even death.

The International Day of Prayer for Persecuted Christians (IDOP), observed this year on November 1, is an opportunity for the global body of Christ to unite in prayer for our persecuted Christian family members.

As we pray together, we join in fellowship with our brothers and sisters who faithfully follow Jesus in the world's most difficult and dangerous places. Whether praying as a family, group, class or church, we participate in this global prayer gathering to encourage those who are standing firm in faith despite persecution and to deepen our unity as members of one body in Christ.

UNREACHED PEOPLE

*Group:
The Endes People
of Flores / Indonesia*

*Bridging Hearts in the Interior: The Rescue Life Mission's Journey
Among the Flores People*

The Rescue Life Mission (RLM) envisions reaching the unreached, training and equipping young leaders and bringing lasting transformation to individuals and communities across Indonesia. Driven by this calling, Pastor Ben & Helena travel extensively, making every effort to reach the unreached people groups of Indonesia. One ethnic group of Flores people they have reached is the 'Ende' people.

While the Indonesian island of Flores is predominantly Roman Catholic, differing notably from the Muslim-majority profile of Indonesia as a whole, it is home to several indigenous ethnolinguistic communities categorized by missiological databases as unreached or less evangelized.

Numbering roughly 131,000 in Indonesia, the Ende live primarily in central Flores. Their name originates from the town of Ende, which historically served as a vibrant cultural and political center. Tracing their heritage to Austronesian settlers, the Ende have blended local traditions with historical missionary influences.

The Ende are largely a blend of Christian practices with traditional animistic beliefs. The evangelical presence remains small, and discipleship is often shallow. Communities also face poverty, limited healthcare access and scarce educational opportunities, leaving young people vulnerable when migrating to cities.

Pastor Ben and his wife Helena connected with the Flores Community in Sepaku as part of their ongoing journey. RLM has been continuously connected with a group of Flores people living in Sepaku, a three-hour road journey from Balikpapan, followed by two hours into thick forests and rugged interior roads.

Pastor Iwan Wowoling first connected RLM with this community and helps serve them from time to time. They say that many of these individuals have experienced rejection and pain after being pushed out of cities. Yet, they are remarkably kind and hospitable, overjoyed to welcome visitors, share food, and fellowship. RLM carries a growing burden for them, believing they need to know Jesus more. Most of them have not experienced Jesus but eager at heart and wanting to know more.

Let's pray for the Flores people in Sepaku—that God will open their hearts, bring profound healing, and raise up faithful individuals to follow Him

Let's ASK:

- that the people of Flores feel God's physical and emotional shelter, especially when facing natural disasters like earthquakes or volcanic activity on the island. *Psalm 9:9 The Lord is a refuge for the oppressed, a stronghold in times of trouble.*
- For calm hearts and steadfast faith, replacing fear and anxiety with God's supernatural peace. *Isaiah 26:3 You will keep in perfect peace those whose minds are steadfast, because they trust in you.*
- for deep spiritual breakthroughs, community flourishing, and an abundant encounter with the love of Jesus across every village and tradition in Flores. *John 10:10 I have come that they may have life, and have it to the full.*

ASK Network News:

Africa Continental Gathering Coming Up!

Pray for ASKers across Africa, and all those invited to join, as they prepare for ASK's Continental Gathering in Nairobi, Kenya, February 1-4.

ASK for:

- Hearts responsive to the Spirit's invitation John 10:27, Jeremiah 29:11
- for the blessings of unity Psalm 133
- Miracle provision for every need for ASK leaders, and all those attending—finances, transportation, time away from work, etc. Philippians 4:19, Psalm 132:13-16
